Adam,

I will not be able to make this meeting this afternoon

**Ex. 6 Personal Privacy (PP)**

I've attached the two documents that I have so far for this QAPP.

The first is the partially filled in template and the second is our old QAPP for the Decatur Alabama work.

Thank you,

Andy

Coordinating the PFAS work, focusing on most immediate need of getting a QAPP written and approved.

Andy, you weren't in on this morning's email string regarding the QAPP preparation. Adam was hoping to get some help for writing it. Since the Branch Chiefs were brought into this discussion, it makes sense to get a quick call in to throw together a strategy to get a QAPP in place. With the high visibility of this project, we want to make sure everything is covered appropriately. And to me even more important is to use the QAPP to make sure everyone is on the same page.
